Rules for the regulation and control of Public Conveyances in the Kolar Gold Fields area.

The President of the Sanitary Board, Kolar Gold Fields.

No. 717 Dated 5 June 19 Received

Diary No. 7240 Enclos. 1+1 Rules Spare Copies. 10 spare copy of the rules Serial No. 1

BRIEF ABSTRACT OF LETTER.

Submits draft rules for the regulation of Hackney Carriages in the Kolar Gold Fields & states that there are a good many Jutkas in Bowringpet which ply for hire in the Fields that these have to be under the scope of these rules and that therefore the rules are intended to apply to all carriages & gutkas, except bullock carts, plying for hire in the Fields but kept outside the Gold Fields area.

NOTES AND ORDERS.

The President says that the rules are to apply to vehicles, except bullock carts, kept outside the Mysore Gold Fields area but plying for hire within that area - The effect of this rule is that no

no one can travel to the fields or in that area except in licensed Vehicles. Though this does not appear to be opposed to the provisions of the Public Conveyance Regulation, yet a rule similar to the following Bye-Law of the Lahore Bye-Laws under Sec 3 of the Hackney Carriage Act XIV of 1879 appear to be desirable.

1 "Rule 30 — These rules do not apply to carriages belonging to other towns or places situated some distance from Lahore so long as they only bring in passengers into Lahore from outside and wait in Lahore without plying within municipal limits, till they get an engagement to carry passengers back to the place to which they belong."

True that bullock carts kept outside the Gold Fields are proposed to be exempted from the operation of these rules, but in the interests of the large number of people going to the Gold Fields on business from outside it appears to be desirable that Vehicles of other description also should be exempted.

2. Rule 3. The discretion of the

	the Registering Officer should be guided on some principles. Rule 3 of the Bangalore Cly rules may be introduced into these rules.
	3. Rule 8. The numbering of Conveyances is one of the items specifically mentioned in Sec 7 (g) of the Public Conveyances Regulation. So, the numbering of Conveyance, should be obligatory and the other particulars mentioned in the rule may be discretionary. The number on the Conveyance should be that of the license issued for it. "Each license shall bear a serial number" may be added to Rule 2.
	Rule 8 does not say the place where the particulars to be noted on conveyance, will be painted, nor does it say whether any fee should shall be levied from the owners for the painting. It is desirable that the numbering painting should be made in the District Police Superintendents' office and that no separate fee is levied for it. The license fee should cover the cost of painting. The remarks.

5 Rule 12. This rule lays down that Conveyances shall not loiter or cause obstruction in public roads and ~~Stands~~ not shall not get into any Stand which contains the full complement of Conveyances. The Stands have not been appointed. The rule is silent as to what the driver should do when any Stand is full. Please see Rule 15 of the Bangalore City Rules.

6. Please see Rules 19 & 20 of the Bangalore City Rules. Similar rules seem to be very desirable. Please see Schedules B, C & D to the draft rules. From these it is clear that the number of persons which a Conveyance shall carry will be determined by the Registering Officer. "carry free of charge a reasonable quantity of luggage" is very indefinite

7 Rule 30 of the Bangalore City Rules preventing cruelty to the animals drawing public conveyances has been omitted.

8. ~~Bloss~~ Periodical inspection of public conveyances and the exemption from compliance with these rules during the period a conveyance is hired out to a ~~be~~ private person may be desirable. Please see Rules 31 & 32 of the Lahore Bye-Laws above referred to.

9. Schedule A. The second part (Fares by Distance) may be corrected as shewn in pencil therein.

10. The Public Conveyance Regulation need not be specifically extended to the Kolar Gold Fields as it is not a Municipality. The Govt have to make rules. to be issued by Govt. under Sec. 5 of the Public Conveyances Regn. VII of 1911. The draft rules are mainly based upon the C+M. Station Hackney Carriage rules, with some additions drawn from the rules in force in the Bangalore City. There are two main points to be considered first: viz. the (1) who is to be the registering officer (2) the local applicability of the rules.

(1) It is proposed in the draft rules to make the Dt. Supt. of Police, the registering officer, on the analogy of the C+M Stn, Bangalore. In Bangalore City, it is the Vice President that is the registering officer. In other cities like Madras & Bombay, it is the Commr. of Police that is the registering officer. For the reasons stated by the President, the proposal may be accepted.

(2) As regards the second point, the Pres. proposes that these rules should be made applicable not merely to conveyances that are kept for hire within the Gold Fields area but also to all conveyances except bullock carts that, though not kept there, ply for hire in the Gold Fields area. The object seems to be to bring the Jutkas of Bowringpet within the scope of these

rules. The question for consideration is whether there can be made applicable to such conveyance. It is submitted that there is nothing in the Regn. against such a proposal. Under Sec. 7 (a) of the Regn., it may be directed that no conveyance should be let to hire or offered for hire irrespective of its local habitation, in any area except under a license. As the intention of the Board did not seem to have been clearly expressed in the draft rules, I have added a rule in the draft as Rule 1 indicating the scope of the rules. It may be contended that it would be a hardship on owners of public conveyances outside the K.G.F. area to direct them to take out licenses, even if they happen to go into the area once a year or so. To meet this, the rule has been so framed as to be applicable only to conveyances that regularly ply for hire within the area and not to occasional ~~visits~~ ~~going~~ ~~going~~ ~~going

under which licenses are to be granted.

(ii) Rule 5. It seems too much to expect candle lamps for jutkas. The words "Oil may be substituted in the case of other classes of carriage provided the light is bright" may be introduced.

(iii) Rule 8. To the rule certain words may be added to show where the painting would be done and that the cost should be included therein in the license fee.

~~Rule on Contents. The words "without the limits of the Cantt.~~

(iv) Rule 13 prescribing rather stringent conditions about dress of drivers seems unnecessary.

(v) After Rule 14, two rules taken from the City Rules (rules 19 & 20) prescribing the maximum no of persons to be carried & also the maximum load of luggage, may be introduced. In the draft rule, provision is made for this subject only in the form of licenses. (Schedule B). There too, it is simply stated that "it shall carry such number of passengers not exceeding as may be required". The Schedule does ~~is~~ or does not seem to be the proper place to state these provisions. They are substantive provisions & it

is not desirable, from a formal point of view, to state them only in the licence which should only embody the provisions in the rule.

24. In this connection it is submitted that "Public Conveyance" as defined in Regn VII of 1911 includes also jinrikishas and that in the rules the words "Hackney carriage" may be replaced by "Public conveyance".

25 Rule 22 has been based on C & M Station Rule no 18. Regn VII of 1911 is almost identical with the law in the C & M. Station & the provisions of the Regn VII of 1911 do not justify the framing of the proposed rule no 22, as observed by the Dewan, the Rule may, if approved, be omitted

President, Sanitary Board, Kolar Gold Fields.

To,

R. Srinivasiengar, Esquire., M.A.,

Offg. Secretary to the Government of

His Highness the Maharaja of Mysore

General and Revenue Departments.

Sir,

With reference to correspondence ending with your letter No. 5679/L.B.32-08-1 dated the 15th February 1912, I have the honor to submit herewith for the sanction of Government, the draft rules for the regulation of Hackney Carriages on the Kolar Gold Fields, as revised and approved by the Sanitary Board, at its last Meeting held on the 17th May 1912

in duplicate.

A copy of the Board's Resolution on the subject is here-in enclosed.

2. It will be observed that the Board has not altogether adopted the rules in force in the Bangalore City Municipality. The draft now submitted is chiefly based on the rules in the Civil and Military Station of Bangalore; but some of the rules in force in the Bangalore City have been incorporated therein. The principal point of difference is that, while in the Bangalore City Municipality, the registering and licensing of Hackney carriages are under the control of the President of the Municipal Council, in the Civil and Military Station the District Superintendent of Police is the registering officer. It is understood that this is the practice also in towns like Madras and Bombay and the Board consider that this is the most suitable course in a place like the Kolar Gold Fields. The Sanitary Board is chiefly concerned with the Sanitary Administration of the Gold Field. and at present has not the agency to enforce the registering and licensing of

hackney carriages and drivers. Mr. S.M.Pritchard, the District Superintendent of Police was present at the Meeting of the Board and was agreeable to being appointed Registering Officer under these rules

3. These rules are intended to apply to all carriages, Jutkas and bullock carts kept for hire on the Kolar Gold Field as well as to all carriages and jutkas plying for hire in the Gold Field area whether kept in that area or not, but not to bullock carts kept outside this area and only plying for hire therein. There are a good many jutkas kept in Bowringpet which ply for hire in the Gold Field area. These have to be brought under the scope of these rules.

4. I request you to be so good as to obtain the early sanction of Government to the draft rules now submitted, and to their publication in three successive issues of the Mysore Gazette. The rules may come into effect when they have been thus published thrice.

I have the honor to be,

Sir,

Sir,

With reference to your docket No.6374/L.B.~~333~~330=11-2 dated 21st instant. on the subject of Rule 22 of the draft Rules for the Regulation of Hackney carriages on the Kolar Gold Fields, I have the honour to state as follows:-

2. Section 7 of the Public conveyance Regulation, which relates to matters as to which rules may be made under the Regulation, does not profess to be an exhaustive list of all the matters in respect of which rules may be made. This is clear from the words "Among other matters" which occur at the beginning of the section. There can, I submit, be no objection to the making of a rule which is not contrary to the spirit of the Regulation, merely because the subject of the rules is not specifically recited in the enabling provision of the Regulation. The inspection of premises in which conveyances, animals, harness and other things are kept is indeed expressly mentioned in Sec.7 CL(e) as one of the subjects which the rules may provide for, and it is submitted that the power to condemn any premises as unsuitable should be regarded as a corollary, or a necessary consequence . Moreover, the rule
